Oh, been awhile since I've seen them, they were a lot more active last year and they were pretty much in most threads, now I rarely see them anymore, so they went from being a very well known regular to a semi-well known regular, so I'll give them a 6.9/10 (nice).

They have a decent amount of posts and I think I have seen them somewhere. Like a 4/10 overall, not famous but definitely known.

Perhaps a 3 or 4 out of 10 on the forums-

They/Them.

Most likely writing some RP Post in the background at all times.

I don't think their post count is high enough for them to have become well known, though that is just me.

I don't believe I've interacted with them either-

They/Them.

Most likely writing some RP Post in the background at all times.

Leaning more towards moderately well known, I recall seeing them around frequently back then but I don't know if that has changed or if I'm not attentive enough, regardless I don't remember them making too much of an impact to be considered a cornerstone of F7 or whatever. 6.5/10.

Definitely one of the more recognizable regulars out there, but it seems I don't see them around as often as before, they were one of the most frequent posters back around mid-2023 and still now remain a very recognizable member of this forum. 7.1/10
