An FBI Raid

This country does not follow my beliefs, but rather something I would find interesting.

Political Compass: -5.75, -4.87

Prorescia is a tourist friendly nation that has some of the most beautiful forests in the world. It controls a small part of current day Brazil about the size of French Guiana and is largely rural because of that with only 3 major cities, Santo Tablo, Pacifil, and Consanto Praia. The Government is Democratic and led by a Council who make most decisions. However, 5 democratically elected representatives can at any time call for a lack of faith vote which would impeach

a current council member. The lack of faith vote is voted on by the populace which number in the thousands.
