CYNIC, n. A blackguard whose faulty vision sees things as they are, not as they ought to be. Hence the custom among the Scythians of plucking out a cynic's eyes to improve his vision.

My national hymn:

Zu za sound system-Zebasi Dub

The wily leoon,often seen in Kickoo land was native to Zebasi savannah until it's was hunted near exintction for their pelt,since most zebasisan never seen a leoon,we use manufacture textile replica to honor our ancestor.

M'basana jerozi,a.k.a geroffy is one of the tallest land animal in the square,it's was the first animal to be catalogued by Zebasi scholar in the zuzannah yaya,the square's largest compendium of fauna and flora,horticulture,zoology,biology and

botany are all field of study for the curious inhabitant of Zeboya

Zebasi architecture may seem simple but it's a perfect fit for the hot climate, inspired by the mount of Bolaza bugs, the ventilation in Zebasi structures was originally designed to keep the royal Waongii juice, now everyone can live in a air-conditioned home.

We love rock music. We allowed some Western rock musicians in 1998, some more in 2010. Since 2015 we have had rock festivals. From 2016, pop music is allowed, from 2021 rap music is allowed (but banned on TV).
