Even though I don't like it, I find it more 'tolerable' over some of that shitty pop music out there. It at least seems to be....trying for something different? That doesn't mean I like it though.

It's outside of my usual genre preferences, but I actually think it's a catchy song. I have quite a wide array of genres I listen to Metal, Rap/Hip-hop, Rock, Dubstep, Reggaeton, R&B....etc..

It is catchy but..... everytime I see her I think of (shivers)..... Justin Bieber..... But she's hot so.....that makes the song more tolerable for me

Well, that's what it's all about with music....so many styles, it's simply beautiful.
