Look, being surrounded by a literal storm on an isolated island is any introvert's dream. Too bad there are so many other people here...

In any case, I too want magic, and living in an environmentally friendly place with good civil freedoms, education, quality of life etc is certainly a plus in my book.

I guess, kinda hard to say since NS issues seem to be used as well as stats.

/ninja'd AN: No thanks

Partially inspired by the Third Odyssey mod for EU4, this nation is essentially a Byzantine successor state in South America that has fused together Ancient Greek Religion with Greek Orthodox Christianity. It mixes the aesthetic of Byzantium and Ancient Greece, with very open and liberal social values but with an Imperial Monarchy. NS stats are referenced but are not strictly followed to a T.
