The standard rules from the international ruleset applies at first as usual. After then, the player which made this decision, get's thrown out of his team and will get sent to jail for several months to a quarter dozen years. Yes, a fine to pay is also counting on top.

However... if this happened out of the blue (which can happens) then only the international rules applies.

Hefty fine, possibly imprisonment or a brief stint in labor.

Tampering with lavatory smoke detectors?

Probably heavy fines and possibly some time in imprisonment. The exact amount of time could vary depending on the intent and if that was in conjunction with other criminal acts.

Detained indefinitely, possible deportation.

A train is on course going down a track with 5 people tied to it. If the train keeps going down the track, the 5 people will get ran over and die. A railway operator sees this and switches the train's course onto a track with 1 person tied to it. The 1 person tied to the track dies because of the operator's actions. Is the operator punished, and if so what is the punishment?

This is just too hard at this point. I'd say that he'll have to pay for funeral/incarceration funds, be surveyed for a moment, and then be let go.

If it's a politician, death. Celebrity, hard labor.  
And a fine.  
Big fine.

War crimes, committed by a foreign national, who wound up in your territory.

Being confronted by one of the residents (who is even more drunk but just as naked) violently hurling empty cans of special brew at you whilst screaming "GET AWAY FROM MY CHICKEN NUGGETS STEVE BUSCEMI" (heavily slurred, but vaguely coherent) before he collapses in a pool of his own vomit (The police no longer respond to non-life-threatening public drunkenness due to how many resources they have already spent dealing with problematic drunks).

Sky Reavers are retconned Skyhooked. A bunch of crazy, wild everpartying semi-anarchists, who are resistant to cold, heat and diseases, can process booze like hell. MT/PMT tech. Wanna know more or have a request? It's here: <https://forum.nationstates.net/viewtopic.php?f=23&t=505973>

Remember, the fact, that we are semi-anarchy doesn't mean, that ya' can go around and rob random people. We still got law and order, loose as they are.
