I wouldn't mind really as long as I'm not a factory worker considering this is England in the 1800s after all.

Probably. It looks like a pretty decent socialist country. 🤔

THE PEOPLE □ ETERNAL

" We will not bow to your dictation. We are free. We bled to be free. Who are you to tell us what we may and may not do? **We stopped being your slaves an era ago.** "

South Reinkalistan is a massive, ecologically-diverse nation notable for its roving student militias and widespread hatred for the elderly. In the midst of a room-temperature cultural revolution that's lost its momentum, the Party carefully plans its next move. As the brittle bones of fragile empires begin to crack beneath their own weight, history's symphony reaches crescendo pitch. The future is all but certain.

The **North Sea Realm**, colloquially known as **Northaria**, established 1421 A.D. A British-Nordic nation with strong democratic traditions and an elective monarchy.

We use NS stats, with the exception of tax rates and the related stats. The Northarian population is an estimated 75.7 million.

Yeah, seems like quite a nice place judging from their factbook.

The Federal Republic of Countesia is a left leaning centrist democracy.

Would I live in Fioletovyyrus? Well, they don't really have any factbooks to really fathom something from them. But due to their stats, it's a narrow yes from me for the time being.
