[Vazquez Sounds-Let It Be \(The Beatles cover\)](#)

Is it sad that I like the cover more then the original? I've never really been a The Beatles fan, but I like this version of the song.

This band has some great song names. Almost all of their songs have quite long names.

[Some YouTuber's mashup of three different takes on Queen's \*These Are The Days Of Our Lives\* - the original video, the FMTC live shot, and a live shot from one of the Q+PR tours.](#)

The audio was surprisingly well-synced, but the shots of Freddie... eh, not so much.

Just because I listen the same songs again and again. (68 times in three months for this one.)

Johnny Come Home - Fine Young Cannibals

Followed by:

Play that Funky Music - Wild Cherry (Tenth time in ten days.)

That it Could be What it Is, Is What it Is

Stop making shit up, though. Links, or it's a God-damn lie and you know it.

The normie life is heteronormie

We won't know until 2053 when it'll be *really* obvious what he should've done.
