CYNIC, n. A blackguard whose faulty vision sees things as they are, not as they ought to be. Hence the custom among the Scythians of plucking out a cynic's eyes to improve his vision.

Some stupid mandatory training video my company forces me to watch even though it's for software that is not actually used by my job position.

Purpelia does not reflect my actual world views. In fact, the vast majority of Purpelian cannon is meant to shock and thus deliberately insane. I just like playing with the idea of a country of madmen utterly convinced that everyone else are the barbarians. So play along or not but don't ever think it's for real.

The above post contains hyperbole, metaphoric language, embellishment and exaggeration. It may also include badly translated figures of speech and misused idioms. Analyze accordingly.
