Monkey 1679 wrote the following:

"FUCKERS STOLE MONKEY 1684

CANT HAVE SHIT IN DETROIT"

He daimed it was original, but he didn't do a good job of hiding the fact that he had plagiarized Monkey 1676. He was put in prison for life, and was beaten to death two weeks into his sentence.

Monkey 1671 went on vacation in Fatatatutti and got "lost in the wilderness", which is our second-highest cause of death. However, we Fatatatutians don't automatically equate "lost in the wilderness" with "dead". So maybe Monkey 1671 just lost track of time and forgot to go home - or maybe he deliberately went off the reservation.

Don't assume we're Communists

Monkey 1661 sued Shakespeare for stealing one of his plays. Shakespeare had a word with his friend Macbeth and Monkey 1661 met a violent end. Lady Macbeth is still trying to get the blood out.
