I'm just a simple man trying to make a country on the internet. And yes I do not use NS stats.

The Karevkan Soviet Union is an alternate history Russia whose history is mostly the same (although under a different name) until the Karevkan Revolution in 1917. More progressive in its policies than the IRL Soviet Union it has a market socialist economy and more civil rights and freedoms.

Welcome to The Alpes a Septentrionali Imperium, a nation where I brutalize and adapt Latin and French History to my needs to get my Ultraroyalist Absolutist French Monarchy with a vaguely French-sounding fictional royal family to work.

Don't ask about the flag, it has something to do with RMB RP that I'm involved with.
