Not a crime. If one is a parent it is encouraged. The curricula, pedagogy, and paieda are openly discussed as to the best manner in which the parents can raise and educate their children. If the State gets in the way they are committing misfeasance or malfeasance. Misfeasance by a state official is 5 years hard labor per count, and willful misfeasance is sedition worthy of not less than 10 years hard labor and most likely death by defenestration.

Not a crime if private individuals. Striking against unethical, unsafe, or untenable conditions is encouraged. Public sector employees going on strike however is illegal. It is seditious activity worthy of 5 years hard labor per count up to and including death penalty.

Burning the school's school books outside the school?

Depends on whether it was intentional or not. If accidental, victim is given a \$75,000 tax refund, and any officers/authority figures involved in the imprisonment have the incident marked on their records permanently. Trial confirming the victim's innocence is broadcasted on national TV so that all citizens are aware of the victim's innocence.

If intentional, victim is given a \$100,000 tax refund, and any officers/authority figures involved in the imprisonment will be tried and sentenced to at least 10 years imprisonment, and will not be allowed to serve their position again. Trial confirming the victim's innocence is broadcasted on

national TV so that all citizens are aware of the victim's innocence.
