OFFICE OF THE PREMIER

Regarding King Oni of Low Bloods

God bless the dead, at least the past Kings of Low Bloods held a candle to the trait of interesting rather than this living comic-book character. I've spoken to children who come to me with nightmares of these half-bred deformatics. Otherpeople would often let grievances go under the rug, but not for King Oni. I want a full public inquiry into where the funds for his structural remodeling came from. International Relations be damned.

OFFICE OF THE PREMIER

Regarding Her Imperial Majesty, the Empress Nemo I

A central image for international disdain. As is the case with the names most slandered, their intentions are pure and noble. As the centre of international lies myself, I understand when and why leaders refuse to bend the knee to the hand that slaps them. One cannot turn the other cheek forever. Lord forgive me if I'm wrong, but I truly do want to find good intentions within this Empress Nemo I, but c'est ne pas, it is all devoid. Completely devoid. Being so young in her career, she has plenty of time to prove her God given right to conquest. The only goal in life is to be remembered, but the accomplishment is to be renowned. I know I will be when I'm inevitably shot. I hope you will do the same.

OFFICE OF THE PREMIER

Regards, Sir Tepes.

A leader must be the product of his people. My people are pious men of God, eternally devout, eternally just. Unfortunately the Victorians cannot say the same for themselves. The nation and its inhabitants are centred around the faith that birthed it, and rightfully so. If you ever wish to see what is on the other end of misery, the Church never rejects sanctuary.

First, his only representations are hentai looking and very feminine, which are not respectable. from the rest of the Valentians, and I must say, I am not exactly a fan of your politics, and I am not exactly that fond of you being a racist. That is very, very concerning and awful, Mr. Pickett! Now, I would implore you to not use that word again, no matter the context. I seriously do not understand, that racism can still exist in this world. Maybe I have a limited understanding of the world around me. With that said, my friend... My friend... I hope you still have a great day ahead, and know that no matter the race, nationality, skin color, or anything else, we are all humans, sentient beings, beings that are capable of love, and deep down, we are all meant to love each other equally and without favor. ♪ The world loves us all, it loves us all! It's called ninjaing. I didn't know you made your post when I was making mine. I get it a lot because my character rambles A LOT.

Edit: And, someone got DOUBLE ninja'd.

(Honestly, Marquisal deserves a better opinion. Pickett already gave his earlier. So, we're both open.)

No, it is not the Confederate States of America. No, it's not the South either. SU stands for 'States and Unions'. The right acronym is RCAS. Please read the Factbook.

Fredrick is young and inexperienced in my view. He is merely 25 and wields immense power. Leading a nation, it's people and military needs more than popularity and a flashy smile. It needs a strong hand, experience and cleverness.

I'm just a simple man trying to make a country on the internet. And yes I do not use NS stats.

The Karevkan Soviet Union is an alternate history Russia whose history is mostly the same (although under a different name) until the Karevkan Revolution in 1917. More progressive in its policies than the IRL Soviet Union it has a market socialist economy and more civil rights and freedoms.
