Hmm, not really a fan of the Ibitsu song or the one right after it. Interesting how the album has hard rock and then goes to drone metal, though. It sounded somewhat musically interesting, however

Digging Devin Townsend now that I got used to the vocal style. I knew from the song I heard previously that the vocals I'd probably need to get used to, and it was the case. But almost every vocalist I've had to get used to end up being some of my all-time favorite vocalists, so yeah.

Liked it more then the Boris I listened to, honestly. Wasn't really a fan of the hard rock stuff I heard from Boris. Quite enjoyed some of the more drone stuff, though. Think I'll go through Flood next since I think it is more slow.

It is a single, so makes sense. Probably heard it on the radio. His vocal style was quite a bit different back then, too. Listened to Ok Computer and The Bends and noticed how different his singing was from the stuff I know best.

Hmm, I should go through some more Radiohead, too...Agh, too much music. I mean, I know like 3 or 4 Radiohead albums very well, but I'll go through them again anyway.
