Julie Brown - 'Cause I'm A Blond

CYNIC, n. A blackguard whose faulty vision sees things as they are, not as they ought to be. Hence the custom among the Scythians of plucking out a cynic's eyes to improve his vision.

Music from the new MLP movie.

I have been fed. So, I will feed others. I have been sheltered. So, I will shelter others. I have been shown respect for who I choose to be. So, I will show respect to others for who they choose to be. I have been comforted. So, I will comfort others. I have been given hope. So, I will give hope to others. I have been loved. So, I will love others.

If a dictatorship or monarchy is corrupt and evil, why do we have them everywhere in the world? Controlling our wages, our food, what houses we can live in, and whether or not we can live. CEOs are just neo-dictators.

No amount of profit can ever compensate for any human suffering.

The West won the world not by the superiority of its ideas or values or religion ... but rather by its superiority in applying organized violence. Westerners often forget this fact; non-Westerners never do.

--S. Huntington

The most fundamental problem of politics is not the control of wickedness but the limitation of righteousness.
