The Pan-Asiatic States is comprised of 9 Republics, that together form the Pan-Asiatic Government. The cities of Tokyo, Neo-Manila and Neo-Singapore City were the victims of nuclear attacks, so the prefix "Neo-" was added to their names, to indicate a reconstructed city.

Cunenia's status as a country is unrecognized. Cunenia declared its independence from Angola on the 11th of November of 1975, casually the same day that Angola declared independence from Portugal. The reason why Cunenia declared independence is largely due to Africa's decolonization process.

The *Great Octoling Migration* is a current event that is having a large effect on the cultural face of Inkopolitia. After the rise of the dictatorship in the Octoling republic, millions of octolings began to flee, with many settling in Inkopolitia. The migrants have been welcomed by the Inklings for the most part, and have introduced a new music craze: Octotronica.

The common name for the League of the Eight Republics, the Necunian League (Necunian: as-Samadi an-Neqūn' alīt; Caphtorite: Leweg Nekwanyamil) comes from the name Necunian endonym Neqūn' alīt (plural: Neqūn' alītab), referring initially only to the residents of the trading port city of Necunia and the

territories under its direct control, but eventually coming to signify the entirety of the Necunian ethnic nation, which began to band together on a much wider scale under the cultural and social pressure of the Caphtorite Empire. The Necunian endonym was borrowed into the Caphtorite language as Nekônya, which later shifted to Nekwanya in most dialects.

Nice

The blue background of the flag of New Cabo Azul represents peace; the gold represents the bright "golden" future of the hopeful nation, and the white represents kindness towards all peoples. The three bands represent the three "chief cities" of the nation. The Springbok represents wildlife and the national parks of the nation.
