Relaxing on a couch while heavy rain pours out the window

"Ah shit, as if this day can't get any worse. Not only it's raining, but now we gotta do this shit again. Oh well, it was a nice break while it lasted..."

Draws his phone, logs into NS, and looks up Charles' factbook

"Oh, this' just great. The return of the bane of Lima or some shit like that... So, here we gots the stereotypical 'sole survivor' trope with a bit of immortality added to the mix - not even gonna ask how the fuckin' pod gave 'im that 'cause I'm sure as heck that it's gonna make no sense - then we got a 'God Emperor' complex with some crippling depression too... Clones and flying

ships.... Shit, I swear I'm reading a bad novel right here"
- *Ennio Joey Barbaro, Vice-Presidente dalla Repubblica Stanieresa*

Unceremoniously drops onto the couch and snuggles against Ennio, also snatching his phone and reading the factbook on display
"Awww, look at him and all he's gone through... And then look at all he did - well, I'd say he gets some points for persistence and how he coped with it, don't you think, Ennio-san?"
- *Kofuku 'Kako' Kasei, Segretaria alla Vice-Presidenza di Stanier*

Scoffing "Yeah, sure - how 'bout we give him a Fireside Girls medal for persistence? Sound good to ya?"

"Uhhh, Ennio - that's a 200 plus year old *male* immortal. Pretty sure you can't give him a Fireside Girls medal, or brooch, or pin"

"Try an' stop me, then! If it looks like a duck Kako..."

"Let's just enjoy the rain for a while, alright? I found the perfect song-!"

Kako then opens YouTube and finds a slow and soothing version of the jazz standard "Stormy Weather", that slowly lulls Ennio to sleep. Once Ennio is out cold, she positions his head on her lap and starts caressing his hair.

"He's such a baby..." *Glances at Charles factbook on Ennio's phone* "And as for you, hope you ever thank me for sparing you from Ennio's jokes regarding effeminate men"

Following that musing, she closes Microsoft Edge and lets the song lull her to sleep as well.

"An emperor? Ha. Whatever world enables this one man to defy fate so when the universe itself decided to scour his culture from existence has missed one. And only one- you rule an empire of puppets. None of it is real, Charles. It is an imitation of that which is dead and gone. You must let it die. No force in this life can defy such a divine manifestation as the kind that ended your people. It is futile. Filling your world with... clones..? is nothing but misplaced nepotism and narcissism.

I think a certain drunken friend of mine would cite a show about a pharmacist now, but I do not recall the reference. So we must simply go without. I would say I hoped you didn't mind, but I don't care enough about you to ask."

WORD of The President

She seems respectable, kind, honest, and all the sorts. No one I can judge politically as there is little to judge and even if so she is a supernatural being which edges on a topic I find very hard to comment on. After all, all such matters change when you got shapeshifters and beings of pure energy. I would be content to have a chat with her. Though given her isolationist character and the magnitude of her powers, I would respect her to tell me no. No one should be obligated to trust all into their home.

"Well, we had thought that after that 'Monke' incident your pitiful little state would finally be free of your degeneracy, but alas Konrad is not yet dead. We have explained why we despise his reign over Patagonia many times before and we have offered so many alternatives to the reign of that degenerate within our mind whenever we encounter him here but while we have the time to respond to him we must ask one question. Why? Why take a country and plunge it into such depths? How could you sit back and watch as such disorder takes ahold of it while being satisfied? At least the likes of Dirlewanger have a goal as distasteful as they may be, but the Patron seems only to want to perpetuate chaos. We have noticed that he has felt regrets at some point after that stroke, perhaps the last tattered remains of his sense returning to him after so many years of debauchery but we are certain that it's too late for his nation. It is forever lost to the cancer that he calls futurism and we doubt that anything good will ever come from that region of Earth when he finally does perish. We will await his answer on that question, but it will not change our negative opinion on Konrad."
