Man graduates nature school with decent honours.

Imperial States of Duotona

Duotona is a nation nestled in the Pacific Ocean. Marked by the scars of its bloody past, the people of Duotona persist and have given the nation a voice from which it preaches the word of peace and democracy across the globe!

Nation reflects OOC views. NS stats are sent to the shadow realm.

Professional woman (she/they). Anti-raiding. I do use NS stats (for the most part). I don't actually think an incredibly oppressive economy-focused dictatorship is a good government whatsoever, I just made my country one for fun.

Man decides those books are worthless and burns them. Unfortunately, at the time he is in Beijing, so Xi Jinping decides to shoot him.

However, it turns out Anteprevious Man (Man -2), Aila and her children survived the explosion, except for Zachary; the explosion was caused by Xi Jinping's orders to fire a missile at Tannu Tuva.

Russia, allied with India, South Korea and Vietnam, then declares war on China. What had been the most powerful military in the world for 75 years first storms Pyeongyang, and during that time Man burns the books.

Just as Xi Jinping is about to kill Man, he is struck down by a plasma bolt shot fired by Man -2 from Aila's Stancija Almaz (commissioned by Vladimir Putin). A second bolt is fired at Kim Jong-Un, but is 1 ms too late as he is killed by a Chinese soldier from much shorter range. A third bolt was loaded, but Donald Trump died of natural causes a few minutes before the declaration of war.
