This song is a good example of why I want to learn piano still, even if I got bigger priorities I want to learn now (Drumming)

The piano is a great instrument. After I fully learn how to play the bass guitar, I'll learn piano next.

Grouplove - Ways to Go

Your nation is like a son. What it does right is your merit, as well as what it does wrong is your fault. When you praise it, be lucid and avoid exaggeration. Praising it too much can make it indolent. On the other hand, when you criticize it, be harsh, but do not ridicule it. Do your best to improve it, not through derision or disdain, but through good examples and dedication.

I had the original plan of guitar, then piano, and now drums...

I'll probably EVENTUALLY just learn all 3, but I don't even have a drum kit, sooo, I know what to focus on.

Why the facepalm?

That isn't a good song to me...Billy Joel isn't my kind of music.

Pretty sure Billy Joel isn't considered good music to me, either.
