"People's" Socialist Republic, unitary, autocratic, with the legislative and judiciary powers subjugated by the executive.

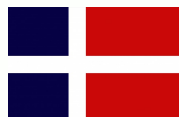

The leader is elected "unanimously by the people" every election for over 30 years and the previous leader was the political mentor of the current leader who was "re-elected" for 44 years also "unanimously".

Merulla is the land of the brave, the fair and of the heroes.

A great kingdom consisting of fifteen federative like states, with a decentralized power, where the real king is the Merullean people.

Come and discover Merulla, where the waves are born.

This nation doesn't represent my political views. The issues that shape my nation are given random outcomes and henceforth, provide an entertaining rollercoaster. One week I'll be a communist state, the next I'll be a thriving democracy. Who knows?

Parliamentary democracy, tends to be unitary. Overall the state has extensive powers, military and police are large and the government has very little localization.
