Taco Man lives out the rest of his days in peace and eventually dies of old age at age 78, sleeping peacefully in his bed, making him the first Man out of all of the Mans in this multiversal thread to complete a whole life naturally, even beating his cancer to a pulp.

Man gets riddled with bullets from the owner's gun. He is taken to a hospital, but since he got no credit card. He is executed.

New man arises in an island known as Boldonia.

New Man (*Formal name: #763584*) wanders around a street of a town located on the Island's southern half, with many townsfolk staring at him with confused, worried, and concerned expressions, yet #763584 ignores them until he reaches the town's central plaza to rest a bit. Not long after, he is apprehended by Boldonian Constabulary Police Force (BCPF) officers, which were called in by one of the people who saw him pass by, concerned by the very much out-of-place looking man, the BCPF officers tasked with handling #763584 were likewise, rather perplexed by his odd appearance, and the fact that he had randomly appeared some minutes ago without any sort of warning or announcement.

#743,000 or whatever (why can't we keep it simple?!), after being annoyed by the police, goes back home to take a nap. He later changes his name to Duncan.

Due to a lack of knowledge surrounding extraterrestrial techonolgy, Duncan appears to have a hard time figuring out how to operate the saucer, although he manages to get it off the ground just as several armed men in black uniforms with no discernable insignia were already making their way toward him.

Turns out that the UFO is embedded with the soul of Duncan's missing mother, who was an alien princess before the procedure was done. She tells her son that the throne of Galaxia is his birthright, and must overthrow the current dictatorial regime there.

Duncan's alien cult abducts Kentuckians en masse and arms themselves heavily for an inevitable confrontation with the Federal government.

Man #53742 valiantly attempts to resist arrest by K.O.-ing the officers whom had started apprehending him, before commandeering their cruiser and driving off, fleeing the scene at breakneck speeds. Unfortunately, as he was being intercepted by two other cruisers and an AS350 helicopter, #53742 failed to notice the stingers at the intersection. After the chase is over, he is once again apprehended and sent off to a court hearing. *He had fought the law, and the law won.*
