I've seen them around before, though know much about them though.

That's just me, I don't know if other people know them.

It's back to being Ellese again...steppe country, bordering Russia, Georgia and Ukraine, ruled by an authoritarian monarch.

This news is like months old, just saying

Known, but probably on their way to become more renown as time goes by and they start posting here on the forums more. Also, it's nice to see a fellow girl on this site.

Has to be very well known, judging from the founding date, the very recognizable flag, and the amount of activity of course

Judging by the foundation date, but also by the amount of posts, I would say that it would be a little known, but for me it would be a total unknown.

Just a Futuristic, vengeful, militarized, expansionist German Empire, nothing much to worry about, unless you're one of my targets, then you need to worry.
:P

A nation of 51.6 in democracy according to this

Victoria tears up Treaty and Peace banning Chemical Weapons production in Germany and the destruction of chemical weapons, chemical factories began producing chemical materials, "Chemical Terror" imminent.

Communism is kinda cringe tbh.
I reserve the right to /stillme any effortless post on f7, if I put effort into it.
