I guess when Pandora is good, it's good. But when it's bad, well...yeah lol

True, that. I am glad it's more good than bad. It's a hell of a service. I just wish there were no licensing restraints on it. I tell people in other countries about it, only to find out it's not available in their area. I don't suppose anybody knows of a global service of the sort?

Listening to the end of Fellowship of the Rings. Going to see the Hobbit today (my first time to a cinema since Dark Knight, and my first 3D feature film :-), and thought I'd brush up a bit.
