One album to go.

So far, I think Crack the Skye is still my favorite.

Narrowed down to 5 metal bands. Not bad since just recently I was over 10 left to go through.

Ajatarra-Antakaa Eldd

These guys have a lot of short songs so they're fairly easy to go through despite having like 65 songs.

Grains of Wrath - Bad Religion

"It is the ultimate irony of history that radical individualism serves as the ideological justification of the unconstrained power of what the large majority of individuals experience as a vast anonymous power, which, without any democratic public control, regulates their lives."

Hmm, I seem to be running out of easy, short albums to go through...And playlists. All the ones I have left seem to be over 5 hours worth of songs, or they have big ass albums...Guess it is time to start picking off the long ones!

However, that doesn't work very well for my goal of listening to 10 albums today...which is why I still want to pick off short ones...
