Zhang's Status: *Showing off that good ol' fashion transphobia in the 1930s*

"I am at loss for words about this... how should I put this? Oh, yes, *man*. Watch as I proceed to exhibit extreme levels of transphobia."

"I may not be as intelligent and educated like certain men here all over China, but I know for certain what I see before me is someone with an obvious mental illness; this so-called 'Kween' is clearly a man in drag I can just tell from a distance that is no woman beneath that makeup and dress, and that awful chest."

"And another thing I want to heap on the pile of contemptuous comments against the so-called Kween is that he reminds me of Zhang Zongchang, the 'Dogmeat General' in Shandong: he is infamous for his eccentricity, unpredictable, and shows no respect for others. But unlike the Dogmeat General I wouldn't want the Kween anywhere near me. And so what if the Kween identifies as a woman, that doesn't change my mind, not one bit."

"Now, I will go and check on my son because I have been told he's been gambling and carousing with women. *Again*."

This Guy seems like a great visionary , Both Me and Him were Warlords during our respective countries warlord eras (Warlord China , and the Sarawakian War for Independence from the United Australasian Commonwealth) , Funnily enough , the Xinhai Revolution was against a monarch just like how the Sarawakian Revolution was against the White Rajahs and ending the 196 year rule of the Brooke Dynasty and the 276 year rule of the Qing Dynasty in our respective countries (Manchuria and Sarawak)

It is also a strange coincidence that both Manchuria and Sarawak also declared independence from a multicultural country (also China and the United Australasian Commonwealth

Prince of the Zora, Ralis

\* short chuckle

\* "Wow, wow and then another wow again! It has been a pretty long while since I set foot in good 'olde Forum 7, hasn't it? Hello again, everyone who remembers me! Anyways, a LOT has happened and will happen since my last escapade here, all of it pretty exciting as it was strange, though I won't get into specifics and bore you, alright?

Anyways, I decided now was the time to relive a little bit of nostalgia and give a little "Opinion Piece" on one of these random figures. Let's see if it pays off and I feel satisfied after this!

Not that I have much better to do.

So, we have one... Shelley Fabares, right? Hello to you! I have kind of noticed out of the corner of my eye looking

upon your...  
Well, pretty  
short  
description that  
you are one of  
those "Marxist-  
Leninist"  
people, right? I  
think that  
means  
something like  
that  
"Communism"  
I've heard some  
of my friends  
and  
acquaintances  
from all over  
talk about  
occasionally,  
and knowing  
how you guys  
feel about  
Monarchies,  
you'd probably  
not be too  
happy to see  
me around, eh?  
Trust me, I'm  
not that bad in  
person :)  
So, you're from  
a place called  
Sarawak?  
Sounds kind of  
funny! Sar-a-  
WHACK. Sorry, I  
couldn't resist.  
Though I am  
kind of  
confused why  
there's this  
short part  
which said you  
served as the  
leader of  
somewhere  
called "Cuba"  
instead of this  
Sarawak. Was  
that an error  
on the author's  
side or did you  
end up serving  
people of two  
different  
realms? Quite  
the portfolio if  
that's the case!  
Uhm, but now  
that I look upon  
the part which  
said "Sarawakian  
Nationalist",  
wow that's even  
more funky to  
say, I don't  
think it was the  
latter, but  
moving on.

So, I get that

author of your description didn't really go into detail about your life that wasn't along the lines of "She did this and/or that once in power" nearly as much as I guess someone like me or Arie would take the time to do, but at the same time that's one of the perks of making your description yourself! After all, shouldn't you know yourself better than anyone? Well, either that or this description of yours purposefully skipped over all of that, which I hope was done because of something innocuous like that being mundane for them, instead of hiding some dastardly secret about you. Well, whoever made it did say something along the lines of you getting thrown in prison, staying in there for a year or two and then being thrown right back out into... "Mexico" ? Wait, you had a brother there? Are you Sarawakian or Mexican then? I'm so confused! Apologies, but I'm having some trouble keeping up with the consistency of your little description, so either I'm dumb or you might want to have a word with that

author of yours to try and fix that. That and "Serving as a Cuban President" throws a loop through your whole "Being from Sarawak" narrative... By Hylia, this is being pointed out by a 23 year old Zora who's yet to even get an adult body yet, so uhm.. Yeah, please do go and see if you can clear that up, either with me or the author, alright?

I'll try to return to your story for a moment. So you came back to Sarawak to overthrow this "Jason Brooke" character. I guess he was pretty bad, huh? I hope not too many people had to die because of that whole shift and violence, that'd be so sad. So apparently this "USSR" thing decided it be best to rival you. It wasn't... Justified in doing that, right? And went up and invaded you in the Bay of Brunei, so no wonder you sided with their enemy after that. Soooo... Wait, that's basically the end? Well, your author did decide to show your supporters and critics' opinion of your reign, which please, please tell me the critics are just biased and that

you didn't  
actually go  
around  
committing  
"Human Rights  
Violations"  
because that  
sounds horrible!  
Uhm, well I've  
also inferred  
you abolished  
the leadership  
position that  
you were in  
before you, I  
guess retired?  
Did you not  
trust anyone  
else with your  
power or  
something?

So... I think  
that's all she  
wrote. It's been  
pretty nice  
making this  
foray back  
here, and  
you're not too  
bad of a woman  
to start off  
with, Shelley!  
Though I wish  
we could get to  
learn more  
about you  
personally,  
that'd be way  
more  
interesting.

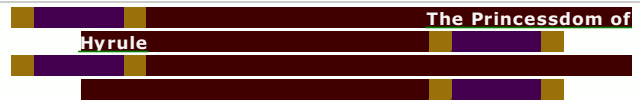

Anyways, I  
suppose a  
goodbye's in  
order? I've got  
quite a few  
things to plan  
for and do  
soon, so I  
probably won't  
be making a  
true return  
here like the  
"good old days",  
but hey! You  
might be able  
to expect more  
from me soon?

Enjoy the rest  
of your day,  
people."

Russian-American:

**James Oliver:** I don't like dictators but il let you pass. You've been in my position before, albeit considerably more privileged which to be fair you did use to be the so-called journalist that journals abuse by the authorities. I'msurprised you didn't become an actual journalist really but eh, different life choices I guess. Then again you also

"disobeyed" your father and joined the military.

So anyway back to the present day. Despite your tight grip on Russia's political freedom, you do use it again, to the advantage of the people. Gracefully maneuvering your country in your world's questionable geopolitical situation all while crushing extremist parties along the way. Some might call that oppressive but you will know the true meaning of oppression if those groups rise into power. With all of that considered I view you much more positively than the so-called bastion of democracy that is the United Federation since you don't go around toppling other countries' governments, some of which are democratically

elected.

However, you seem to complain about not being able to find a lady. I'm surprised a charming man like you has not gotten one by now. Well I guess you want to be prepared and find the right one, instead of rushing it and regretting it later. Wise move, just don't overcook it since no one wants to marry an old grandpa.

So, Mister Nikolai, I look forward for our next meeting, or even possibly an interview. Though maybe if you have a hard day, which seems to be every day in your case, let's just talk you know. You sound like a charming, interesting man.

North Raidland:

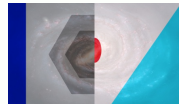

**Kaoma Haishi:** I'm not sure what to think about merging those 2 religions, especially since there are many conflicting branches inside those two which makes things even more complicated. It might end the conflict between the two but... you know I fear this might cause a really big war.

[The Supreme Leader, Zevqir](#) now in 3D

So which person do I have to harshly judge next. Why in **Ultragalactica's** name do I have to give my opinions on aliens of the same species! These ridiculous looking... how are they called again? (*human*) Human... yes, thanks Relznuq. You look nasty in particular. Like you haven't slept in a while. Now lets read your bio, you alien. So, James Oliver, you are a disloyal journalist who fled this "United Federation" because you don't think they actually care about human

rights and democracy. I also don't care about "human" rights, because humans are disgusting looking alien scum that only deserves the sacrificial hammer to get their soul forcefully donated to the dead gods. You became a journalist because you are critical of your homeland for things like invasion of a country to overthrow a "socialist"-leaning president. I don't know what a "socialist" is, but I have the impression that the United Federation has some sort of warrior culture. Not as great as the glorious Sqalmar Followers. No alien filth can hope to be as good as us. You probably don't like this warrior culture because you are a coward. I further read here that you became wanted by this "CIA" because you leaked some footage of UF troops committing "warcrimes." Warcrimes is a word that cowardly alien scum uses to justify their cowardice. We brave and honorable Sqalmars call them "pragmatic tactics." After getting arrested, Sherechia had to free you because as a cowardly alien, you were too weak to break free yourself. The

same cowardice that made your kind destroy our glorious **Ultra-Galactica** so long ago. They free you so you can apparently fight "Western Imperialism" Hold on, don't you mean Federation Imperialism or is the entire western half of your world imperialist. How does half of your entire planet consists of imperialists?! Although its pretty typical for alien scum to be like that. It was your greed and jealousy that led to the collapse of **Ultra-Galactica**. So back in Sherechia, they gave you an assault rifle because UF agents tried to kidnap you? Wow, your species really are stupid if you think that giving a military-grade rifle to an untrained civilian is a good idea. If he ever winds up dead with gunshot wounds, then its not because of CIA agents, its because he stupidly shot himself with the gun. Although if these CIA agents are so stupid to try and kidnap you instead of immediately shooting you, then you shouldn't worry about them. My conclusion is that you are just like all aliens. Pathetic and cowardly. And just like all aliens, you are only useful for sacrificial needs. **Glory to Ultra-**

"I, The Heart of The Imperial Palace, offer this opinion of Yunru, Leader of the Paramilitary:

My first note when reading Leader Yunru's biography is a lack of information about her background or early years. However, one supposes this is insignificant to understanding her leadership. So, it would appear that the leader started out relatively humbly as a researcher-developer of weapons with the concern of protecting her homeland from any possible invasions or enemies. This is a vital role in any nation. In this role, she attempted to warn her compatriots of impending dangers, but only a fraction of them listened and apparently those who didn't paid the price for this. Faced with the destruction of her homeland, she and her compatriots struck out on their own and created their own settlement and maintained it well enough, which I find admirable. This August House does wonder about Yunru's desire to keep her appearance to herself. Some have claimed that her ideologies are influenced by CCP propaganda, which would be most disagreeable to this Heart of the Palace if it is true, but as she herself denies this, the benefit of the doubt will be given. Overall, This Heart wishes to learn more of Yunru and where she will take her country"

I see all this information about how you came to power, to strike down a corrupt and horrible and icky-poo predecessor regime of extremely vague amounts of corruption, horribleness, or icky-poo-ness. You took power, creating a nationalist state, and subsequently choose not to go into overmuch detail as to what that is or what you had to do with it. Looking at other information sources tells me a little more, but not nearly enough. About the only thing that I can gather is that your government exists for no other recognizable purpose than to promote itself to itself, and consign all who would speak against doing so to fates better left unwritten (so thank you for not writing them). So, if you're the one in charge of that, and that's what you're about... you are possibly the most insecure wretch I've ever encountered, and that includes the genocidal cultist alien-squid-thing that's occasionally blotted this forum with its inky discharge. I must say, while the rap sheet is a little odd (oi, Schloss, what's a "meritocracy" again? I don't think those people know what it really means. The ones on the internet, not... You know who I'm talking about.) she does seem a bit curious? I mean, she does adore leading as a loyal soldier, yet, it strikes me as odd that someone of such a low position (in theory) is leading a country unless they are of a rather high rank instead, but choose to command from the front. In any case, I suppose she is like-minded in the sense of having that hawkish mentality with some form of tamper to keep her from just razing everyone to the ground collectively out of boredom. Aside from that, perhaps we could be good friends? Maybe? Perhaps? I mean, I'd like to invite her to a gun range to test a few AR-416s! Ha... Yea... Would be nice for an arms deal.

"You think that accepting a bunch of migrants would weaken the paragon of Western civilization, Canada, and the US? You are painfully dumb. No way they're gonna tolerate living under your bitchy ass tyrannical rule, big tit no brain slut. You're just proving that the US is a better place to live in than your dumpster fire country. Now all the migrants wanna get the US green card, America stay winning."

**Airanyan Kanda:** Holy fuck are you fucking insane?! You singlehandedly killed everyone. This document is a symbol of fucking insanity mate. Fastest reader in the world? You look like you didn't pass high school. "Europe's Most Gorgeous!!" My Yak looks better than you. I think the only positive part here that I can take of you is that you did murder your world's equivalent

of the United Federation. Hmm I wonder what's the word that Inogo likes to use to describe you, ah yes, Eldritch. I don't believe you can have a negative tax rate, at least without indebting yourself or printing money until the economy is as bloated as a blowfish. I think someone in Inogo's government is interested to rate your hotness in that thread.

"She fighting against her government in the past with her comrades, armed with different weapons, from kitchen knives to stolen guns and committing war crimes, reminds me of our own revolution in 1982, when we were so pissed, that we fought cops with sticks and knives, refusing to succumb to anti-riot measures just cause we were so angry and desperate. Our revolutions were similar. As far as I know, right now, she guides the nomads and makes sure, that no one gonna pollute rivers with some shit. Mining companies! Ya'll better obey all her laws, when ya' mine on her turf! Or else, she's gonna gather her men and they'll make short work of management by rollin' them into traditional Khaldo carpets and dumpin' them somewhere! Either way, we might disagree with her on some matter. For example, we are more inclined to trust the free market, but at some core principlas we agree."-Shawn Bjornson.

Tapping Into

"Hmmm?  
Shawn  
Bjornson,  
'Overboss'  
of the Sky  
Reavers? I have  
gone over the  
details, and  
reviewed what  
we know of the  
human. He is  
basic,  
simplerinded,  
and an addict,  
hardly worthy  
of any position  
of leadership or  
power. Men  
like him will  
burn the world  
in their  
attempts to  
seek glory and  
impose their  
perceived  
justices onto  
the world.  
Bjornson rules  
by his 'gut', a  
gut feeling  
heavily  
influenced by  
his most basic  
of desires and  
addictions, he  
would fit in  
more with a  
gang of  
potheads and  
bikers than as a  
leader of a  
nation or  
collective. I  
think he would  
enjoy himself  
more if he did.

Bjornson is blatantly unfit as a leader, power was foolishly handed to him by what I assume are equally unfit men, perhaps he is a scapegoat in the making? There is nothing further of note, and no need to watch this one. On to the next."
