Typing Icelandic names is complicated...so I had to pop up Wikipedia. This song seems to only be on YouTube live.

It is from his "The Information" album, which I think is a all around good album.

Anyway..Open Car, Porcupine Tree.

Yeah. I checked Spotify and saw it said it was that album.

Now I feel kinda like listening to Beck....

Also, Porcupine Tree is a great band as well. I just love varying types of music.

[Beck-Lonesome Tears.](#)

It's a shame that newer Beck isn't as appreciated as his "Loser" days, because some of his newer stuff is incredible as well. I'm glad that Beck evolved, instead of staying in the same realm. But, sadly, people don't seem to evolve with bands anymore (or ever).

Don't get me wrong. I quite enjoy Loser. It was unique for it's time and he had something new and creative going for him. But I personally like his newer stuff more, and am glad he evolved, instead of staying in the same realm forever.

Exactly. I feel the same way when it comes to Beck. I mean, just look at his album Modern Guilt. It is a great album and was released in 2009 I believe. And I get a big smile on my face when I meet another Porcupine Tree fan. They are so undersold, being such a good band, and not getting the attention I believe they deserve sometimes. Steven Wilson's solo albums are all great works as well; I own them all.
