Very slowly, and piece by piece, Monkey 4873 began to fade out of existence.

People tend to assume that Entrance of the Gladiators by Julius Fučík is what that ever so famous circus clown theme is. And in a way, it is. Nobody would ever argue with you on this fact.

However, if you want to be an unlikable, pedantic jerk, the song actually known to be circus music would be a version composed for American woodwind bands (and later transcribed for fairground organs) titled Thunder and Blazes, published by Louis-Philippe Laurendeau.

Of course, this information is of absolutely no consequence to anyone.

Monkey 4868 was dead a very long time before the genocide began. How did they get into the records? Nobody knows.

Monkey 4867 was ranting about alien reptilians and was beaten to death by a mob of Mirialans, who are reptilian humanoids not from Earth.

Monkey 4862 was yelling cuss words in Graznavian, at the soldier of the Fist of Freedom.

A slavic union of two technologically medieval nations: Vulgaria and Graznavia living in the other dimension called Bermudinia. One more thing. Don't call me lazy! I just have more

important things than NS. And I'm not a furry!
