I wonder if i'll ever be able to get myself to listen to Immortal. I keep thinking I should listen to them but I'm not really sure if I can get into them enough as a black metal band....

Just go for All Shall Fall, At the Heart of Winter and Diabolical Full Moon Mysticism and you've listened to the whole band, the rest of the albums are basically just the same thing over and over again.

Diabolical is one of the "essential Norwegian BM" albums, At the Heart of the Winter is widely considered their best one and All Shall Fall is overall really good. And quite different from the previous ones.

I had like, 7 or so Immortal albums apparently. I doubt I would have ever gotten around to 7 black metal albums like that...

So having it down to 3 (Probably the 3 I was originally recommended, but I have a habit of adding every single one on Spotify. Not anymore) is nice.

Dalek-A Beast Caged

JESUS THIS BUFFALO WILD WINGS COMMERCIAL CAN GO AWAY ANYTIME NOW. It's so cheesy.

I think they were. Especially if they were my recommendations

Immortal - The Sun No Longer Rises

I need new band after this album. 71 left.

I think you may have suggested it, along with Volmatchka (Did I get it right without reading it first?!). But I still added more...

I did pretty much have those 3 at the top for the ones to listen to first, though.

And 44!

You did not get the name right, it's Volmactia  
And 44 means Morbid. Swedish black/thrash metal. Except I forgot that I still have to listen to At the Heart of the Winter first

Immortal - Storming Through Red Clouds and Holocaustwinds

So one Immortal album after this before going for Morbid.

Immortal - Withstand the Fall of Time

This might be my favorite Immortal album if not for the Solarfall.
