Personally had never seen North Macaronesa before, but judging by the fact they only have 205 posts, they're either inactive or haven't been on NationStates too long. In any case, there's certainly opportunity for us all to get to know them better.

They're probably well known just purely because of the size of the region they're in

Probably can't be bothered with the hassle of being well known, given what I've gleaned from previous encounters.
