They're a people who are forced to be deeply materialistic at their core in order to substitute the catastrophic loss of their spiritual bond with God and national pride.

They're a Islamic nation located in East Asia known for its careful balancing act between modernity and tradition. The peaceful image it presents abroad belies the violent insurgency that the nation's brutal security service have battled for years since its independence.

A modernized and heavily urbanized nation in East Asia, the Aquaria boasts a strong economy and perhaps is rather influential culturally, regional-wise.
