Flashbanging a dog?

Not really an exact rule here, but would probably land under animal abuse, which is strictly forbidden in Portzania. It would all add up to about 2 years of Penal labour due to the unregulated civilian use of a flashbang also.

If said robot was the body of a sapient AI, it might count as murder or as severe bodily harm. Either way, expect to spend over a year behind bars. If said robot is not the body of a sapient AI, it's just property destruction - fines proportional to damages (if without owner authorisation), imprisonment and fines for reckless explosive use (if applicable).

Sedition is not really a crime on its own. For corruption you can receive a live sentence or exile.

AAAN: Depends. Did it kill or hurt anyone, or destroy anything? If it hurt/killed anyone, that would be a life sentence or a death sentence. If it didn't kill anyone but it destroyed stuff, fines and maybe imprisonment. If it didn't do *anything*, no punishment.

Edit: WHAHAATT?! DOUBLE NINJA'D?! Rewritining!

AAN: either life sentences or death sentence depending on the case.

AN: idk what "TET" is, so no punishment.
