Nirvana - "Moist Vagina"

One of the most unique and intense Nirvana songs. A shame it was never officially released.

Nirvana - Dumb

I have been listening to Nirvana nonstop this week. They were one of the first bands to get me into rock music and I still love them. I've been listening to them so much this week that they've climbed to the Top 10 on my Overall Last.fm chart. They were outside of the Top 20 before.

Stupid lyrics, but the intensity and atmosphere of this song is amazing. Nirvana never made another song like it...

Yeah, and a lot of their unreleased songs were the ones Kurt liked the most. Apparently their song "Sappy", which was only released on their 20th anniversary In Utero release, was one of Kurt's favorite songs that they had written.
