Mario Paint - BGM 3

Spacey sort of theme, very minimalist IMO.

No River to Take Me Home, Neurosis.

more post rocky than their other stuff

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

The album that song is from, The Eye of Every Storm would probably be your scene. Vocals are cleaner and it's less metal'y than the rest. All their albums, as far as I know are fantastic. You may also dig A Sun That Never Sets, Really if you like Eye then it's worth listening to the rest.

Aleph is the Butterfly Net, Current 93.

Okay. Thanks! Of course the album that for some reason only has 2 of the songs from it on Spotify....not sure why. But I will just add all their albums to a playlist to go through or something, but go through the ones you mentioned first.

My computer doing it's occasionally crappy running sounds it seems to do here and there, because of my fan getting dusty and such.

I've actually been recently browsing through Neurosis. I haven't actually taken a good look at their catalog yet.
