We are **The Crimson** from **Terraria**.

Monkey 7888 is the person typing this. It took him so long to decide how to kill himself that he died of starvation shortly after he finished typing this sentence.

Ever notice how some elements end with "yum", such as uranium? They were clearly meant to be eaten. Oxygen does not end in "yum". Stop breathing right now.

For any serious rp, my nation is known as Yttria.

Monkey 7885 attempted to stage a one-man coup in North Korea.

"The Barons of England demanded the Security of Law *for Themselves*, the Patriots of America proclaimed the Security and Protection *for All*. **All men are equal before the Law.** No matter upon what spot of the Earth's surface they were born; no matter whether an Asiatic or African, a European or an American Sun first burned upon them; no matter whether citizens or strangers, no matter whether rich or poor, no matter whether wise or simple, no matter whether strong or weak, this new Magna Carta to Mankind declares the rights of All to Life and Liberty and Property are Equal Before the Law."

Monkey 7882 ran into a crowd of people with a bomb duck taped to its back.

It shouted, "Long live His Majesty the Emperor" in Japanese.
Motives still unknown.

Kate Bush sat on the lap of Monkey 7869. 7869's left thigh was crushed and got cut off from its leg. It bled to death.

In a search to find the body of Monkey 10000, 7863 finds itself in a cave. Unable to escape, it later finds itself as an alternative to the beast in H.P. Lovecraft's The Beast in the Cave. Spoiler alert: It dies.
