6 days ago: Following new legislation in Waisnor, citizens cannot change their light bulbs without approval from an international committee.

What happened to the free market in this dystopian world? Lol, don't take what I said too seriously.

This nation does not entirely express my views. But my sig does!
Pro: Capitalism, free market, Republicans, LGBTQ+ rights, religious rights, Separation of Church & State even though I'm Christian.

Against: Too much government regulations, homophobes, islamophobes, the type of liberals I have in my mind, people on all the extreme parts of the political compass, people that assume all Christians are homophobic and transphobic
