don't bother with slipknot, they're as comically bad as they look

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

Oh yeah, I wasn't thinking about things like drone metal and such when I typed that, and how there is relatively mellow metal. It's not all just "RAWR PLAY AS FAST AS POSSIBLE AND LOUD AS POSSIBLE!"

I think my dad may like a song or two by Slipknot, but I don't really remember.

This is what comes to mind when I think of 'mellow' metal, though it's not as mellow as some of those drone metal bands.

The only thing I think of when I see The Beatles or that song is [this](#)....not anything related to actual original Beatles. And agh, original video was blocked in my country for some reason.....That's one thing that gets on my nerves on YouTube. I've had too many videos I wanted to watch that were blocked.
