Major tax cuts amid high suicide rates

So the government's solution to suicide is cutting taxes? Like what'd they expect, a guy who's given up on life feels motivated again seeing that his funeral tax is now reduced or something?

496 years of struggle have come to an end! The Ram Mandir has finally been consecrated! Jai Shri Ram!

India will straight up do this rather than spend a penny on improving their abysmal healthcare facilities or reducing their corruption rates which is the only thing higher than Modi's ego.

Intended as the first of a new class of "supercarriers" for the United States Navy under the administration of President Harry S. Truman. Her design was notorious for lacking an island superstructure and its unconventional deck layout, which would not be seen in the succeeding Forrestal-class.

In 1949, only five days after United States' keel was laid down, she was cancelled by Secretary of Defense Louis A. Johnson as part of a campaign to cut down the naval budget and advance the development of airborne nuclear deterrence via long-range bombers.
