The Supreme Leader, Zevqir

What kind of person do I have to judge next? What in the name of Ultra-Galactica's gods am I watching at?! You look even worse then your average alien. I don't want to look at it, it makes me puke. Keep it redacted please. Anyways, so you were part of a think-tank, which is weird, because I don't think that an ugly alien like you can think. Your kind certainly wasn't thinking when they killed our glorious gods and brought the fall of Ultra-Galactica! In that 'Think'-Tank, you developed some weapons that are probably weak and can be easily be destroyed by our weapons gifted by the gods themselves! Then some faction called Epsilon invaded, and they can apparently brainwash people? They can probably brainwash a lot of

you because your species has very weak minds, just like when you caused the fall of Ultra-Galactica. When stuff really went wrong, you ran away.

So then you had a dilemma about moving east or west. Why don't you flee south you dumb beast. You then decide to walk to the east, met a terrorist, and let yourself get robbed by bandits. Why didn't you simply kill the bandits? Your kind didn't show this kind of hesitation when they killed Ultra-Galactica. So then you stole a boat, just like how alien scum like you stole our destiny of Ultra-Galactica, and went to Alaska, whatever that place is.

In Alaska, you deployed an MCV and then... wait a minute? Why does it switch to first-person? Are you letting your lackeys write your bio? Are you really that stupid? They can write bad stuff in it to make you look worse then you actually are. Wait? Did you actually work weeks on end on your paramilitary? Take some rest.

I then read in here that you are very smart. Oh no, if your kind sees you as smart, then I really don't want to know how stupid the rest of your kind is. You also really like a

thing called trains? I'm not familiar with them. What are these things you call trains? (*Trains are like terrestrial vehicles that are like on rails, a bit like the trams of the Capital...*) Thank you Relznuq. Ok where was I again, oh yes. Your "political" views.

So your politics are things like a... CCP? Romanov? communism? a little red book? What are those things?! I don't have time to look up alien ideologies, they will all fail anyway. The only thing that guides me is **ULTRA-GALACTICA!!!** Then comes the part that might say the most about you. Your paraoinic tyranny. First thing I want to say is that whoever wrote this, sure has a thing for drama, second thing that I want to tell is you are not a good leader. You are an insane, brutal, self-destructive, evil tyrant will eventually lead to the collapse of your movement. (*That description kind of fits someone else, don't you think?*) Shut up Relznuq. What am I saying again? Oh yes. I don't think you are even good enough for the hammer. If I see your pathetic MCV, I will plasma-bombard it because that's how much I hate you. Zevqir out

First of all, you have the gall to call *anyone* ugly, when you look about as good as a table? ■■■ me, censor that thing.

Right, so you're a fanatic alien creature, sacrificing everything you come across. Praise this, hail that. Generic fanatic dictator stuff. Sending your polity spiralling into destruction because of your sheer lunacy. I've never seen a creature as insufferable as you. As if you can call people "stupid", while your own bandit gang reduces itself to nothingness. Guided by "Ultra Galactica" is like declaring that "I follow the Titanic". Sheer and utter incompetence embodied. You're as bad as any other fanatic, and the only thing that separates you is that you're turquoise, and wear a tiara. The only competent elements of your regime work in the shadows, away from where you can tear them apart and tenderize them with your mallet of sacrifice.

You make me sick.

Maximilian Kiselev, a fascist and the new leader of this "Brave New" Russia, had not even replaced the national bourgeoisie of Putin or the mess by bourgeoisie Gorbachev and Yeltsin, but had made himself the new leader! And he has

We have nothing to do good with Mr. Kiselev! We can see not only the fascist and bourgeois ugliness in this person that is shown in how ugly and not handsome his face is, but how he disgustingly keeps himself surrounded by hot and sexy Korean K-Pop girls! Inogo Estima: Here's the thing. There is a difference between say Japan and the US. Both of them are allies and it's pretty common that some people call Japan a puppet of the US. However, when was the last time modern Japan overthrew a foreign government in the name of "democracy?" In my world at least we somehow managed to have pretty good relations with our version of Japan while being as anti-American as the kims. I don't see "bourgeoisie" nations

as a threat nor an oppressor as long as they keep their system to themselves and the people who live there are happy with it and I think the reduced risk of nuclear annihilation is worth the ideological bent. So I actually like Yurika's foreign policy plan... mostly. Can't she pursue closer ties with Japan and South Korea while still giving the finger to the burger? I can't believe I, the "revisionist" market socialist hates the US more than her... Also I'm mildly concerned by her... pose. Does she act like a cat on a daily basis or is that only during the photoshoot? So in conclusion, I like you, feel free to call me up for any trade deals.

The Supreme Leader, Zevqir

Now who do I have to insult next? Marshal Zlatka Broz? So apperanly your grandpa used to be the ruler of your nation called "Yugoslavia." But then the nation collapsed into a downward spiral of homelessnes and corruption, probably because alien scum like you can't govern a country, which is why they, in their jealousy took down glorious Ultra-Galactica. So of course you tried to fix all these problems. Not that I think you can. Aliens like you can only make more problems. So then you joined the airforce. I also had a military career once. Which is why I'm here right now.

Anyways what kind of stuff did you do to get more political influence? Less legal stuff? Probably because alien scum like you don't have any kind of morality whatsoever. I should have known when your kind let to the fall of glorious Ultra-Galactica. You even needed your grandpa's legacy to succeed. I personally didn't need any of those, I did it all on my own! *(Didn't you forgot someone. Like a lot of someones.)* Relznuq, please shut up, I'm trying to ignore you.

Anyways, those illegal methods eventually landed in prison. But after your time was over, you quickly rose through government ranks, and eventually deposed the old Marshal. This is another example of alien incompetence. If the marshal had just killed you, then they wouldn't have had any problem

So after you took power, you decided to rule with an iron fist but in a benevolent way, just like how I rule the Followers. (Yes... very "benevolent" indeed.) Retznuq, I didn't ask for your opinions. Speaking about opinions, I read in here that your agnostic. How could you not know about the existence of the former Gods and Ultra-Galactica. Its ruins litter the galaxy. Are your species that dense!? In conclusion, I think a sacrificial hammer to the face would serve you really well.

Do you know how much time and money was spent preparing for the harvest , an entire armada ready to strike forced to return home. I will personally rip out your tentacles and every other thing you have attached to your body , your entire species will be eradicated, your cities will be demolished and i will feast on the flesh of your young. I have never been one to withhold positive opinions of a non-Slavic group, and yet, even then, I still do not have a positive opinion, but you are different. You are filled with determination, fever, and the willingness to fight for what's yours. You have incorporated the *esprit de corps* of your own squadron, and have managed to nurtur your nation and people with it in such a manner that all notions I have of natives are put aside. Napoleon didn't just settle with being the head of a republic, no, it was fine and even desired of him to seek more. You must do the same if you want to care for your collective more. Those who reign with power in absolutes do more for their people than a democratic shill. You have the potential to become a leader of old, ditch the democratic system. It is withholding your potential to do great things for your volk.

Do not let buffoons who believe in the sham of a democratic system fool you. You have goals, and you must not, under any circumstance, let any idiot get in the way of that. If you want more for your people, do just that. You have the potential, despite it being allocated in areas that are questionable, to be a wonderful leader. You already are, but you must go further. Your people need a strongman, or in this case a strongwoman, to lead them to greatness.

Just imagine how much better the pirating business would be if you got those democracy-loving degenerate Machiavellian psychos out, and just imagine how much your people will love you if you put them where they belong.

Well. I'll cut the introduction and simply say, I know nothing with regards to you.
So I will have to inspect you through your prior statement.

Such ethnocentrism. Such ignorance of pragmatism. It's disgusting, pomposity, blatantly throwing democracy out. I have never been one to reject a potential ally against radicalism, but I see that you are clearly a fascist strongman, praying to some mysterious God, and holding an immense god complex.

While I agree that some stand in the way of leadership, I do not agree with your emphasis on degeneracy or volkism. Perhaps we could be allies of convenience, but little more.

Godulan Puppet #2, RPing as technologically advanced tribal society founded by mongols and vikings (and later with multiple other Asian and Native American cultures) motivated by an intrinsic devotion to the spirit of competition. They'll walk softly, talk softly, and make soothing noises as they stab you in the back and take your stuff... unless you're another Caleshan, whereupon they'll only stab you in the back *figuratively*!

Used NS stats: Population. That's it. Anything else not stated in the factbooks is not used.
