Imagine you wanted to hold slaves, crucify degenerates, turn New Venturas into a New Rome and make women cattle and a bunch of lame-ass pussies wearing potato sack armor and recruiting women decided you couldn't and stole your Sherman Dam from you.

You'd be pissed too.

Disappearances and faceless bodies along the Meadowfieldian-Kyurtese border linked to wanted serial killer who escaped prison in 2004; death toll at around 450

Bro, at that point just stop trying to arrest him and just congratulate the dude. If you can successfully kill 450 people as a serial killer and get away with it, I think there's some kind of award you can give him or something because *hot damn* is he good at his job.
