"The Messiah has done well for his people in his conquest. He is clearly a man who understands the fundamentals of rulership. However, we find his nationalism problematic, but that is for far more personal reasons for future conquest. One final thing is if he would be willing to assimilate his chosen people? They would live longer and most traditional forms of suffering would be moot. Other than that query our opinion is positive."

The Paramount will inevitably be crushed by a larger foe in his mindless and relentless campaign to the rule the universe. Many have tried to achieve such heights but all have failed, the universe is a beast that cannot be domesticated. All your efforts will be futile in the end as you will face a resistance that no matter what you do will not kneel and only advance till your empire is nothing but a memory of a deluded fool attempting to rule the unruly galaxy.

Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.

Your boy alone for example.

I believe this war will end as a great war of death. I wonder what It will be called. I mean the war of Rapture/Lowblood would be something for the textbooks but perhaps something else...

Either way. I view him negatively. He isnt only hurting Lowblood but he also is hurting his own as he should have just negotiated instead of waging a war then have us actually acknowledge that and wage one back."-The first king

Now that is a man- a person, a being, or a deity, that is shrouded in mystery, perhaps in both metaphorical and literal sense! The pictures that I have obtained regarding him are vague at best, and I do not even have the pleasure of looking at his face - how wonderful or awful it might be. I will gamble on the former! Anyway, that is said and done, I do, fortunately, got a lot of information regarding him, at least from another source. He seems to be talking about the Christian's God - being kept alive by some divine power and as a result, the man roaming around for countless stretches of time as it marches on and on. The only thing that I wonder is... is he guided by our Fate herself? You know, one Chief Aviator Gwen? Is she guiding him and playing with him? Or is there something more going on with this St. Lima, along with the possibility of another deity visiting us in this world? So many things that we have yet to know the answer to, but at the end of the day... perhaps we may not know. Oh right, I am still positive on you, my dear friend. I suppose that you should go and have a seat somewhere, or settle somewhere. I mean, you have been wandering for long and long, maybe you should rest? I am certain with near-absolute precision that one should not be constantly walking as a vagrant! You don't know who hates vagrants so much! I mean, I certainly do not hate you, and I am inclined to believe in your story and the information that I got here, but you should be wary of your own safety in this strange world around you!

He reminds me of the agglomeration of that one robot and the sexually-deprived person that never found love and supposedly are hunting everyone else down in an attempt to make sure that no one can feel love like they can't. That is err... that is supposedly what I have heard, but I will take that as the official statement given the extremely distasteful and sacrilegious views that they have over just about everything. If there is one positive thing that I can disclose... is that he is very, very efficient. More efficient than a secretary that has 100 cups of coffee in a single day - which may or may not be too specific given my job and everything. Suffice to say that I am not a big fan of this Paramount, and I will still view him with the disdain of a million suns. Now, please excuse me. I

would rather talk to someone else who is not dead on the inside and outside.
Good day to you, Darling.

"You listen here, globalist-scum. Your plan to use fear of 'supernaturals' to cajole humanity into your own tyranny is disgusting. I know your plans and see through your lies, you wicked wicked devil! The UN was and always will be a corrupt organization. And, if you think that giving me firearms will buy me out, then you're dead wrong. I won't give up my liberty without dying first. Americans aren't going to fall for your propaganda! I swear to god we'll rather DIE then be ruled by some squinty eyed Jap! YAAAAA! We're breaking the conditioning! We're coming for you globalists!" He then lets out a rebel yell. "We're coming for you! YEEHAW!" Pickett then fires a gun into the air. "And, we're going to skewer you like the damn Feds before you! But, what truly matters is that you'll NEVER! You'll NEVER defeat the American spirit! You'll NEVER defeat the Republic! You'll NEVER win! Never! Never ever! Never! And, the spirit of liberty is rising. And, it's going to defeat you. You think you're strong? You think you're scary? You try to mimic what you think in your mind is the wrath of gods like my people. And, the American citizenry's wrath is coming upon you, globalist pigdog! You deserve everything that's going to happen to you, trash! I want you to know something, Reiko and your globalist stooges. I've seen your pictures. I can see that you're nothing once your privilege is stripped away. You've lost this battle before it has even begun. You have NO soul. You're dead on the inside. So, here's the big news flash and let me give it to everybody in the multiverse. The reason the globalists are so tyrannical is because they know they're losers! The reason they want to tear everything up and trample over everything is because they know they already failed and they're soulless losers! So, Prometheus has given us free will in this animated contest, and this is where we get tested. So, rejoice to Lady Liberty for this animated contest of human liberty!" Pickett then lets out an ear-screeching rebel yell.

I see echoes in our two characters- We are cut from the same cloth. We will do anything, at any cost, to achieve what is in front of us- Of course, here is where we differ- You serve your own interests. I serve the interests of Uvoan, and it's people.... I see a chance for many, many, many talks in the future."

"It was alright reading the first half-ish parts of Alexandra's biography until I scrolled down to the 'Queen of the United Kingdom' section and I'm just gonna go ahead and say it: her forehead is so goddamn white I can't even read the text over it. There I said it. And for someone real young, like in their twenties, I can describe her speech to be borderline laconic. But on the plus side? Her speech is lengthy and not like that ***** from Grilskus!"

Ah you think darkness is your ally? You merely adopted the dark. I was born in it, molded by it. I didn't see the light until I was already a man, by then it was nothing to me but blinding!

Damn, I really don't want to go into my mutie hating spree once again, but this one is kinda hard to resist, as it is a mix of a man and a cat... Eh, let's go ahead anyways.

The fact that he was made an outcast of a cat-like cult is kinda funny and sad as the same time, as they both probably are equally weird in the eyes of humans. Although, if you are in a middle between nomie humans and cat mutants, then you probably aren't going to be liked by either of them. That said, it is kinda weird that he is a Japanese neko, yet he is a Filipino-born. Maybe he received the citizenship of Japan at some point, and they just didn't bother to remove it? Or maybe it is because of that damn anime, of course...

*His crafting skills, however, are put to a good use - manufacturing sh*t to defend against various creeps, both ammo and weapons themselves, etc. Hell, it is impressive that he managed to recreate the Kolibri pistol. I think, that if you were fully human, and didn't had... ehm, cat personality, our state gunworks would probably accept you in our ranks.*

I personally find looking for food in trash as pretty disgusting, but hey - judging from your appearance, you probably can't earn enough money to feed yourself in more conventional ways anyway. Also, I guess that cats like to roam around for food in trashbins, and this is one of the characteristics you gained for being a neko...

Tam has achieved greatness for his nation, which isn't surprising given he is after all, an AI, and you are bound to see a rapid increase in technological and scientific development thanks to his programming. However, I do question his dislike for non-human entities. It seems to be illogical and unproductive to dislike a different race, especially ones that could be beneficial towards your regime but I digress. For that should be aimed at his creators and not himself for his coded xenophobia. Otherwise, my overall assessment is positive.

Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.

"They call this joker a socialist? Please, don't associate good revolutionaries like yours truly with Imperial scum. Really, it hurts my feelings to be associated with him. It's going to make me cry! Nope, just kidding, lol. Honestly, this guy seems to be a pretentious prick. But, I guess as long as he lets people not under his rule remain independent, I shouldn't hate on him too much. Regardless, he's a dime a dozen monarch and yet another self-righteous 'enlightened despot' who thinks he can rule best."

☐ No, it is not the Confederate States of America. No, it's not the South either. SU stands for 'States and Unions'. The right acronym is RCAS. Please read the Factbook.
