“ **Punkvania wrote:**

Shoegaze is one of the best musical genres ever.

I don't really know much shoegaze. I know lots of bands with shoegaze elements, but not really many actual shoegaze bands.

I think the main one I know that gets classified as that is Silversun Pickups, and even then overall it seems to be mixed with other stuff. But I think shoegaze is more of a sound in music than a full genre, so I guess that makes sense you'd need other substance, too.
