I like your entire signature. It all blends so well. The seamlessness of the blue and white bars, the choice of Unicode characters (especially the flowers)... It's so aesthetically pleasing, just like your flag, which your signature goes well with! [It also seems to go well with the Lofi I am currently listening to, somehow.](#)

Yeah. We only imprisoned them and stripped them of their rights because they were separatist, racist, terrorists funded by California.

OOC: I agree that no need to befriend with everyone, for our well-being (both physically and mentally) and our time in life is too short for that.

The "Friends to all, enemies to none" is the quote I use to remind myself, that in the same world we live, we have the same feeling, and there are causes behind the action that make them harm others.

I will act accordingly to each relation. However, I will do it without hating them.
