Hammock in my opinion is one of, if not the best ambient bands I've heard, at least in the ambient post-rock realm. They actually have creative ambient songs, and do it beautifully. I think they are mostly ambient too.

Also, I like that song too! Added them to Spotify. Though, does that really count as Post-Rock? I thought Post-Rock needed like, guitars in it at some point. But I dunno, and it's not like I really care.
