oh that banner rocks. givin me the vibes that the whole country has kind of a vintage feel, and either its biggest city or just the nation in general is similar to las vegas. the citizens are probably pretty fuckin happy, altho maybe not the healthiest, and it's probably a tourism hotspot with above-average black market & gambling industries

Those damn beautiful sunsets.

(BTW what'd you use to make the primary banner? I wanna see if I can create one myself.)

Lescaaris, a progressive democratic-diarchic merchant republic in the near-future "post-post-apocalyptic" America, where society is rebuilt and new nation-states have been created while the United States government is nowhere to be found (I doubt the setting is really important and relevant though). Famous for European architecture, EDM, nightclubs, civil liberties, job opportunities, and trade fairs.

(To get a general theme-idea, Lescaarch culture is a combination of Dutch, Italian, Belgian, Monégasque, and French cultures.)

Let's normalize EDM and pop music anthems!
