Bob Dylan - Not Dark Yet

From *Time Out of Mind* (1997)

*Shadows are falling and I been here all day
It's too hot to sleep and time is running away
Feel like my soul has turned into steel
I've still got the scars that the sun didn't let me heal*

*There's not even room enough to be anywhere
It's not dark yet, but it's getting there
Well my sense of humanity is going down the drain
Behind every beautiful thing, there's been some kind of pain*

Impossible is just a big word thrown around by small men who find it easier to live in the world they've been given than to explore the power they have to change it. Impossible is not a fact. It's an opinion. Impossible is not a declaration. It's a dare. Impossible is potential. Impossible is temporary. Impossible is nothing.

Bob Dylan - Blind Willie McTell

From *The Bootleg Series Volumes 1-3 (Rare & Unreleased) 1961-1991* (1991)

*Seen the arrow on the door post
Saying, "This land is condemned
All the way from New Orleans to Jerusalem"
I traveled through East Texas where many martyrs fell
And I know no one can sing the blues
Like Blind Willie McTell*

*Well, I heard that hoot owl singing
As they were taking down the tents
The stars above the barren trees
Were his only audience*

*Them charcoal gypsy maidens
Can strut their feathers well*

"N.T.R" - Yoyuyuppe

Are these "human rights" in the room with us right now?

Nirvana - Where Did You Sleep Last Night

From *MTV Unplugged in New York* (1994)

*Her husband, was a hard working man
Just about a mile from here
His head was found in a driving wheel
But his body never was found*

*My girl, my girl, don't lie to me
Tell me where did you sleep last night*

*In the pines, in the pines
Where the sun don't ever shine
I would shiver the whole night through*

Blur - This Is a Low

From *Parklife* (1994)

*Finding ways to stay solo
On the Tyne forth and Cramity
There's a low in the high forties
And Saturday's locked away on the pier
Not fast enough dear*

*On the Malin head
Blackpool looks blue and red
And the queen, she's gone round the bend
Jumped off land's end
Radio says*

It will be there with you*

Radiohead - No Surprises

From *OK Computer* (1997)

*A heart that's full up like a landfill
A job that slowly kills you
Bruises that won't heal
You look so tired-unhappy
Bring down the government
They don't, they don't speak for us
I'll take a quiet life
A handshake of carbon monoxide*

*With no alarms and no surprises
No alarms and no surprises
No alarms and no surprises
Silent, silent*

*This is my final fit
My final bellyache*

*With no alarms and no surprises
No alarms and no surprises
No alarms and no surprises please*

The Beatles - I Am the Walrus

1967 single

*I am he as you are he as you are me
And we are all together
See how they run like pigs from a gun
See how they fly
I'm crying*

*Sitting on a cornflake
Waiting for the van to come
Corporation T-shirt, stupid bloody Tuesday
Man you've been a naughty boy
You let your face grow long*

*I am the eggman
They are the eggmen
I am the walrus
Goo goo g' joob*

The Beatles - Being for the Benefit of Mr. Kite!

From *Sgt. Pepper's Lonely Hearts Club Band* (1967)

For the benefit of Mr. Kite

There will be a show tonight on trampoline

The Hendersons will all be there

Late of Pablo Fanques' fair, what a scene

Over men and horses hoops and garters

Lastly through a hogshead of real fire

In this way Mr. K will challenge the world

The Beatles - The Night Before

From *Help!* (1965)

Were you telling lies, ah, the night before?

Was I so unwise, ah, the night before?

When I held you near you were so sincere

Treat me like you did the night before

Last night is a night I will remember you by

When I think of things we did it makes me wanna cry

We said our goodbye, ah, the night before

Love was in your eyes, ah, the night before

Now today I find you have changed your mind

Treat me like you did the night before

The Beatles - In My Life

From *Rubber Soul* (1965)

*There are places I remember
All my life, though some have changed
Some forever not for better
Some have gone and some remain*

*All these places had their moments
With lovers and friends
I still can recall
Some are dead and some are living
In my life I've loved them all*

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
