I think it would be a fine place to live in, but I personally wouldn't over my current situation

It's nice, but no

The Jacobin destruction of the Sistine Chapel causes the papacy to be moved to Vienna, and become incorporated directly into the House of Habsburg and Austrian politics

And by some series of not yet spelled out so consider it alt-hist wizardry, the Archduchy of Austria becomes a semi-democratic federation in order to keep the nation stable, while the monarchy still retains significant executive authority
