Monkey 201 was a private detective investigating the death of Monkey 202. He was warned off the case by Big DNA but he refused to give up. He died when his brakes suddenly gave out on a steep and winding mountain road.

Monkey 200 fell off of a tall building

I'd say this nation is about 85-90% representative to my beliefs

About the only difference between my nation and beliefs is that free markets are effective in a select few situations, and the compulsory organ harvesting is kind of screwed up

I'm probably in the minority, but I actually pay more attention to in game stats than to roleplay

Monkey 186 was partying like it was 186 (AD), but consequently died of an easily preventable disease.

The United Republic of Mercia and Cornwall. A land stretching from the Humber to the Scillys. Mercia and Cornwall never became Christian (remained pagan, but with a hybrid religion of both their own and Roman religion), teamed up to take over the entirety of England and successfully repelled the French invasion, with no further expansionist agenda.
