I am **not** new to NS. My former main CTE'd about two months ago, because of RL stuff, and I forgot the password. Don't judge a book by it's cover, and don't judge a nation by it's population.

Somewhere in the US is honestly my best guess.

I'd give a thousand pounds to any non-Scot who could actually pull off a convincing Scottish accent that isn't clearly an imitation....

If I was the sort of person to give anyone 1000 quid for something like that.

Somewhere in the USA, no one else would make the right-wing party red and the left-wing one blue.

My nation - which is pretty much just a unified Korea with some extra territory - represents my real views, as does pretty much anything I say on the forums. NS stats only broadly representative. Feel free to call me Q&K, Quartia, or any other nickname.
