Monkey 5008 foresaw the violence that would happen over who would dictate monkey 5000's death, and shot himself so he didn't have to witness it.

Monkey 5007 wanted to write the best story for 5000 ever. It would be incredibly meta, ironic, and contain a few hidden Star Trek references. By the time he was done, though, it was down to Monkey 1701. He had been ninja'd so hard a ninja killed him in real life.

Monkey 5006 tried to consult a gypsy woman about 5000's fate. He learned of it, but was so terrified, he defenestrated himself off the 30th floor of a 30-floor hotel.

Monkey 5002 was trampled underfoot by marching soldiers, then his corpse was crushed by tanks. The last thing he heard was "Wryyyyyyyyyy..."

Monkey 4994 had a ninja slit his throat, because he had seen the death of 5000, and had no more purpose in life.

Monkey 4993 was confused over who was the real 4994, and was plagued by thoughts that he might, in fact, be 4992. He ended up having a heart attack and dying.

Monkey 4990 was trapped in a box with a hammer, poisonous gas, a uranium molecule, and a Geiger counter. As a result he ended up in a superposition of alive and dead.

Monkey 4989 was the one who put 4990 in the box, and proceeded to step on a Lego right after.

Monkey 4988, also known as Schrodinger's Monkey, is in box. He is therefore both alive and dead until monkey 4987 opens the box to try to find out.

Monkey 4987 opened the box and saw 4988 and got a heart attack. We still do not know if 4988 is still alive.
