Azurnailia, by chance, are you below me?

Dmitry Yazov is grabbing his popcorn, invited some warlords to come and brought Zhukov's White Cokes, For he is watching the Final Trial of Democracy unfold.

I just wanted to state that i'm **NOT** a communist, nor a socialist. I just want to experiment with this country.

Also, I need some rest, so I'm less active on NationStates. Feel free to telegram me though!

This is General Talos speaking for the Ravenna Realm. It appears that one of your region's tourists, Pathonia has discovered the corpse of Washington "WasCo" Columbia, who has been bifurcated by an unknown person. All we know from witnesses last seen with him is that a blue countryball with an wreath and a star was seen ripping Washington in half. Sorry.

Lothy?

THE LAND OF BRONZE

The most powerful and prosperous nation of the Bronze Sea. The country that brought peace between Sameria and Keraxe, protector of Frostmill and the Monoah, and whom annihilated the tyrannical reign of Winterveil. The Bronze Sea would be unrecognizable without our rule.

IC: A supposedly benevolent generous kingdom, but in reality is a totalitarian state that willingly puts down basic human rights and civilians just to advance magic in the name of the Order of Aesir that only stopped after the last king was killed.

OOC: Puppet State of [Washington-Columbia](#). Also, warning for hefty spoilers for Arcane Odyssey.

Isolated Island nation populated by cannibal cultists who worship heavy metal, violence and has access to nuclear energy and weapons also maintains an active space program. NS Stats are canon.

Warning: This nation came with the Idea of creating the worst nation I could think of, if you agree with anything I said in character, then What's wrong with you?
